The CURED Mission

CURED is a not for profit foundation dedicated to those suffering from eosinophilic enteropathy, which includes eosinophilic esophagitis, eosinophilic gastroenteritis, eosinophilic colitis and other eosinophilic disorders.

It is the hope of CURED to raise substantial funding to aid in research and public awareness for this complex disease. Although the disease is being diagnosed at an alarming rate, very little is known about Eosinophilic Disorder. It is our heartfelt belief and mission that CURED can make a difference for the individuals and their families who are touched by this disorder.
