Ann & Robert H. Lurie Children's Hospital of Chicago

Learn more about the CURED Foundation Scientific & Medical Advisory Board at the following link:
<https://curedfoundation.org/about-cured/cured-executive-board/medical-advisory-board/>

The Board will act as a representative link between CURED and the medical community. Key functions include:

- Support CURED in the evaluation of new research funding opportunities.
- Recommend and assist in the development of new patient advocacy and education programs to support patients and families affected by eosinophilic diseases and the CURED community at large.
- Review existing patient advocacy and educational materials for clinical accuracy as new research findings are released.
- Promote communication and transparency among the international medical community in respect to reaching CURED's mission of finding a cure for eosinophilic disease.

About the CURED Foundation

CURED NFP is a not for profit foundation dedicated to those suffering from Eosinophilic Gastrointestinal Diseases (EGID), including eosinophilic esophagitis (EoE), eosinophilic gastritis (EG), eosinophilic colitis (EC) and other eosinophilic disorders. The foundation, founded in 2003, advocates on behalf of EGID patients and their families and works to increase awareness about this complex group of diseases. Since 2003 CURED has donated over \$4.5 million dollars to aid in EGID research. It is our heartfelt belief that CURED can make a difference in the lives of the individuals and families touched by these diseases. For more information about the CURED Foundation and Eosinophilic disease, please visit: www.curedfoundation.org
